Summary

Full-stack engineer with 4 years of experience in building web platforms. While front-end is my main focus, I have worked across the stack, spanning contract work and B2B products. Passionate about tech beyond career goals, I have a track record of learning new technologies and domains to provide high-quality results.

Education

Technical University of Moldova

Sep 2022 — Expected Jun 2026

Bachelor of Science, English-taught Honours Programme in Software Engineering

Chişinău, Moldova

- Rector's List (Top 1% of University)
